

SEEN, HEARD
AND TOLDBy W. W. WHITAKER
When he feels like it.

(By Mrs. WWV)

Whyte continues to go riding every morning and afternoon, comes to the table for his meal and sleeps most of the night. Yet, he is not able to come to the office. We hope that when the weather is cooler he will be back up here.

On one of our trips to the farm recently, he commented that New Highway No. 8, Oxberry to Philipp, has about swallowed up the gravelled Whitaker Highway.

Two of the first roads cut through that wilderness of then virgin timber was by great uncle Geo. Terrell and great uncle Billy Hall. They, each with their Negro tenants were to cut a road to Black Hawk Lake, one starting at west end of road and the other at east end. By agreement they were to blow their hunting horn so as to eventually meet completing the road. Through a disagreement, both stubbornly refused to blow their horn, so two roads were cut from clearing to Black Hawk, a distance of about 6 miles.

In those days panthers, bears, deer and wild turkeys in abundance roamed the woods and huge gar and pie, nival fish filled the lakes.

With water controlled in the Tallahatchie and Yalobusha Rivers, most of those lakes will eventually dry up, the land will be cultivated and power lines, already in a wide area near there will bring conveniences to farms and making it possible that whole part of the county will be under the plow, so to speak.

The fountain in the Grenada Public Square is to rest for a while according to City Manager John McEachin. It will not be removed but will not continue to spray. It will have soil in the bowl and there will be an attempt to grow flowers in it. (Maybe petunias?) If interest in this project is sufficient, the fountain will be restored. At this time the City is, well, let us say, tired of cleaning out debris once a week. Green scum has stopped the drain pipes and extra work and expense are just a little too much to expect.

Last winter we (GCW) tried to interest Grenadians in having a really beautiful colored lighted fountain in our square. It would cost about \$2,000 to do it right. Keep this project in mind and let's keep our fountain.

Congratulations to Mr. W. N. Hayward on his 84th birthday. Hope you have many more.

Don't forget that Brother Butler will speak in Paul Johnson's behalf in the square at 10 Saturday.

Be sure and attend the fish testing project at the Wildlife League site near the lonesome pine on Grenada Lake Wednesday morning, Aug. 24th at 8 a. m. A lot of free fish can be had.

Elsewhere in this issue is a "Sample Ballot". Study it and make up your mind before going to the polls, who you are going to vote for.

Our man Fred, after seeing the returns of the first primary, said he thought he might run for something next time; and that he thought he would get as many votes as some of the candidates got.

The Tom Colemans are now in their new home at Riverdale (The Joiner home). Mrs. Coleman said her husband is in Texas for a few days while she stayed at home to train her new kitchen help.

Thanks to L. J. Doak and Walter Garner for renewals.

Also we welcome back Mrs. Oliver Wendel Holmes of Corleana, Tex., nee Esther Broadstreet of Grenada, who with her sister Frances will get the GCW for a year.

Mrs. E. H. Dean, the former Mrs. Gresham, renewed for herself and also for her daughter, Mrs. Bill Gerten of Boise, Idaho. Thanks too for your nice letter to the editor.

Mr. Warner Horton of Clarksdale, always prompt, sent in his charter member renewal this week.

Grenada Lake To Be Tested
For Fish Wednesday

At a meeting of the Grenada County Wildlife League Tuesday night Barry O. Freeman, Regional Fisheries Biologist of the Mississippi Game and Fish Commission, outlined a program which the Commission is going to carry out on Grenada Lake.

A three-year program will begin in the near future which will be a fact-finding program to obtain data upon which future management plans may be based. Freeman stated that 75 percent of the cost of this program will be financed by the Federal Aid funds.

Information will be obtained on age and growth of the fishes, their food habits and reproduction patterns. In addition to this, tagging studies will be carried on so that the percentage of the population being harvested may be determined. Chemical and physical properties of the water will also be tabulated.

Freeman asked that the League sponsor a population study on the Lake on August 24. This will be undertaken by poisoning a small cove near the Conservation League area. He said that this was the best method the Commission had of determining the carrying capacity of the Reservoir and the composition of the existing fish population. This data is necessary to insure the continued good fishing that is now being experienced.

The League went on record as approving the project and invites everyone to be on hand Wednesday, August 24 beginning at 8 a. m. near the Grenada County Wildlife League site.

Freeman said that the fish will be edible and that they will be utilized. All that is asked is that any person picking up fish be sure to bring them by one of the weighing stations so that the biologists may obtain the information they need.

Fisheries Biologist of the Game Commission from all over the State will be on hand to assist in obtaining all the data that will be produced as a result of the poisoning. Larry Miller, Fisheries Biologist with TVA will be there to give aid. Mr. Miller has a great deal of experience with similar work on the TVA chain of lakes. The Corp of Engineers will also assist the Game Commission.

Mrs. Hubbard, manager of the C of Commerce said that the Chamber of Commerce would like to add their endorsement.

In visiting the location of the Test Area, drive East on New Highway 8 for about 6 miles, turn left at sign, follow good gravel road about 3 miles to Wildlife Site.

VFW To Sponsor The
"Queen of Forest" Contest

The Veterans of Foreign Wars, Warren E. Campbell Post No. 4488 is once again sponsoring the "Queen of the Forest" contest in Grenada County, in cooperation with the Mississippi Forest Commission. The purpose of this contest is to bring to the attention of all citizens the need of protection and management of our private timberlands.

The "Queen of the Forest" contest in Grenada County will be held Tuesday, Sept. 20 at 7:30 p. m. in the City Hall Auditorium. Single girls between the ages of 16 and 21 are eligible to enter this contest when sponsored by a business, club or organization. This year girls in Grenada are eligible. The entrance fee is only \$5.00 plus any other contribution which the girls' sponsor cares to make. This is a non-profit contest. Girls in evening dresses will be judged on beauty, poise and personality.

The VFW will furnish "out of county judges", entertainment and a cash prize to the local winner. Businessmen and organizations in Grenada County are urged to participate in this contest. Publicity will be given all sponsors. If interested in sponsoring a girl, please contact the Mississippi Forest Commission, telephone number 1040 or Commander John W. Willis, Jr. of the VFW.

Mr. E. E. Pryor came in Saturday and renewed his paper. He had words of encouragement for the Editor, having suffered what is called a "light stroke" some time ago.

GRENA DA COUNTY "FARM OF THE WEEK"

If this is YOUR farm, you can get, without charge, a nicely mounted picture of the farm, but you must come to the Grenada County Weekly and identify it. While you are in the GCW office, we hope to interview you and get a story, for subsequent publication, about this property and about your family. If you need other photographs of the above, either the size shown, or larger, or on postal cards, the GCW can, and will arrange for them. A reasonable charge of course will be made for these reproductions. Let us show you samples.

Mr. C. C. Pearson, 82,
Died Sunday

Funeral services were held at Ellisville, Miss. Baptist Church on Monday, August 15, 1938, for Mr. C. C. Pearson who died at the Jones County Hospital on Sunday morning following a stroke which occurred on Saturday, August 6. Mr. Pearson was 82.

The deceased lived with one of his six daughters, Mrs. W. E. Stickland, of Ellisville. He frequently visited in Grenada where four of his daughters reside. He was a devoted church member and was ever interested in the various singing groups who assisted pastors with summer revivals, especially in rural communities. He made many friends here and all regret his passing.

He is survived by the following daughters: Mesdames J. S. Anderson, Gale Jones, Bill Morris and Earl White of Grenada; Mrs. Strickland of Ellisville and Mrs. Ray Nix of Jackson. He has several grandchildren, including Mrs. Tommie Darras of Grenada and Mrs. Eugene Parks of Louisville, and several great grandchildren. All of the members of the family above mentioned had attended his bedside and were at the funeral services Sunday.

Mr. Ivan A. Tribble Dies
In Memphis

Funeral services were conducted Tuesday afternoon at Tishomingo, Miss. for Mr. Ivan Adams Tribble, 68, of Paden, Miss. who died of a heart attack at St. Joseph's Hospital in Memphis.

His death came as a shock to his family, however, his health has been failing for some time.

The deceased was born in Yalobusha County in 1868, the son of the late Francis M. and Mary Adams Tribble. He resided in Grenada as a young man. His widow is the former Miss Rosa Woods of Colleeville. They have three children, Ivan Jr., Eugene and Mrs. Melvin Yarborough, also 3 grandchildren, all of Memphis. They with Mrs. Tribble survive.

He is also survived by three sisters, Mrs. Roscoe Chapliss of Grenada, Mrs. B. L. Harris of Scooby and Mrs. Bessie Barnes of Jackson, and one brother Walter L. Tribble of Florida.

He was a member of the Baptist Church.

Revival At Enon Begins Sunday
Revival services begin Sunday, Aug. 21 at the Enon Baptist Church, with daily services at 11 a. m. and 7:30 p. m. The regular pastor is Rev. D. C. Hartley and the visiting pastor, who will conduct the revival services is Rev. J. F. Hartley of Vardaman. Services Sunday through Friday evening.

John Webb DeLoach
Dies In Greenwood

Greenwood, Miss. Aug. 11.

John Webb DeLoach, prominent young business and civic leader, died at his home here Thursday morning. Mr. DeLoach was born in Greenwood, February 3, 1918, the son of Mr. and Mrs. P. L. DeLoach. He was graduated from Greenwood High School and the University of Mississippi where he was a member of Phi Delta Theta Fraternity. While at Ole Miss he was drum major of the Rebel Band.

During World War II, he received his commission as lieutenant in the Navy at Pensacola and served aboard the USS Antietam in the Pacific Theatre. He received his discharge in 1945.

He was associated in business with his father, P. L. DeLoach, and was vice president of the firm, DeLoach Inc.

He was a past president of the Greenwood Kiwanis Club, member of the American Legion, steward in the Methodist Church and active in the Chamber of Commerce. At the time of his death he was lieutenant governor of the Louisiana, Mississippi, West Tennessee District of Kiwanis International.

He leaves his wife, Mrs. Carolyn McLean DeLoach; a son James S. McLean DeLoach; a daughter, Olga DeLoach; a sister, Mrs. Frank Abbott, and a brother, P. L. DeLoach, Jr. and his parents, all of Greenwood.

Ed. Note:

His aunt, Mrs. Mamie DeLoach Lewis, and cousin, Mrs. Walter Allen McCool and Mr. McCool of Grenada went to Greenwood when notified of Mr. DeLoach's death.

The DeLoach family resided in Grenada many years ago, and have many friends among the older citizens here.

Dr. J. R. Countiss Of Jackson
Is Dead

Dr. J. R. Countiss, beloved, retired Methodist minister, died suddenly Tuesday, July 26, 1935 at his home in Jackson, Miss. He was born in Pittsboro, Miss., and taught school at Marietta prior to joining the North Mississippi Conference in 1894.

He entered Millsaps College as a Sophomore in January, 1901, and received his AB degree in June 1902. He served pastorates at Grenada, Oxford, Greenville and Aberdeen.

In 1910 he accepted the presidency of Grenada College, where he remained for 24 years. He held appointments in Belzoni, Greenville and Starkville before retiring.

—Miss. Methodist Advocate.

Paul B. Johnson Wires Local
VFW Commander

Below is a telegram received by John W. Willis, Commander of the Warren E. Campbell Post 4488, Veterans of Foreign Wars, from Paul B. Johnson, candidate for Governor.

August 14, 1938
John W. Willis, Jr. Commander
Warren E. Campbell Post 4488
Veterans of Foreign Wars, USA
Grenada, Mississippi
It has been brought to my attention that your organization recently went on record as endorsing a local project intended to promote the welfare of the people of your community and pursuant thereto you dispatched telegrams to certain state officials and heads of departments. This is to advise you and give you my pledge that the interests of the people of Mississippi will always determine my course if I am elected Governor of Mississippi and that I hold your organization in such high esteem that I will gratefully accept recommendations from you and give you and the people my support as Governor of all projects calculated to benefit our people and I further pledge to you the influence of the governor's office in support of all your worth while projects and the welfare of your organization, Grenada County and Mississippi.

Respectfully yours,
Paul B. Johnson

Football Practice Starts

At G. H. S.

By Hugh Ketchum

Football drills for the 1938 Grenada Bulldogs were opened Monday under the direction of Coach B. B. Elard and Jerry Taylor, assisted by Coach's Carl Cooper and Pop Harvey of the Pee Wee Squad. Practice sessions will be held each morning and afternoon until school begins in preparation for the season opening against Indianola September 5.

The local mentors will be forced to build an entirely new backfield after losing QB John Goss, HB Bill Raper and All Little Tom Fullback, Ray Freeman. Gaps also were left at ends where James Bailey and J. F. Morrison departed, at tackle thru the loss of Gary Waldron. Guard occupied last season by Marvin Carter and at center where Richard Forbes held forth. However, Coach Elard, who counts on the ability of the 1938 squad, said that the team will be able to fill the gaps.

Not differing in opinion with the rest, including Tom Carroll, Ed Perry and Tom Carter, Coach Elard said that the Bulldogs are expected to come up with a heavy and experienced team, but an aggressive club is expected to spark a rebuilding program which began last year with the inauguration of Pee Wee Football under the direction of Carl Cooper and followed this year by a City Bond issue for the construction of a \$50,000 stadium at the Fairground. Work has begun on the all deck steel stadium, which will house dressing rooms and rest rooms, but it will not be available for this season's play due to the delay in obtaining steel.

Coach Bob Elard stated the schedule this year will be tougher than last year with Indianola of the Delta Valley replacing North Carrollton; Winona, the Delta Valley Champion, replacing Okolona; and New Albany replacing Bruce, but that he believed this year's squad would come up with a good season's record because of the aggressive spirit shown in Spring drills. Last year's Bulldogs team won four and lost six.

The schedule for 1938 shows the Bulldogs have seven Little Tn foes, Houston, West Point, Amory, Starkville, Oxford, Aberdeen and New Albany, and three Delta Valley opponents in Indianola, Winona and Charleston. Only one Little Tn team, Pontotoc, is out on the Bulldogs' schedule and that team will be picked up next week. The Little Tn will operate this season with only nine teams after Okolona's withdrawal.

Players reporting for the initial drill Monday were: Ends C. J. Sanders, Tom Holley, Jim Brasfield, Bob Harper, Winford Carter, O. C. Davis and James Caffey; Tackles, Jerry Fowler, Ed Sisson, Charles Ferrell, Gerald Campbell, Tom Carroll, Ed Perry, Ous Benoit, Mike Barrentine, Jim Biddy, Guards, Spivey Douglass, Joe Barranco, James Gray, James Perry, Jimmy Quinn, James Lawrence, Larry Jackson, and John Willingham; Centers, Roy Edwards, Jimmy Moore, Billy Thomas, and Douglass Fowler.

Quarterbacks, Jake Gibbs, Sam Ricks and James Spence; Halfbacks, John Criss, Jackie Todd, Hayes Branscome, Gary Geeslin, Richard Lott, Felix Herring, Vernon Spence, Bill Shields, James Pegg, Larry Honeycutt, Charles Hamby, and Bill Benoit; Fullbacks, Shafer Spence, John Carter, John Martin and James Vance.

Managers for the team will be Ben McElwath, Raymond Whitten, John Allen Aven and John Futhy. Whitten was a letterman at guard last year, but will not be able to play this season because of a knee injury.

Soil Conservation News

(By Rex R. Blue, SCS)

Approximately two million pine seedlings will be available to Grenada County landowners who desire to plant steep and eroding acres on their farms. The seedlings will be furnished without cost through the Grenada Soil Conservation District to farmers who will plant and protect them from fire and grazing. The seedlings will be planted as one phase of the watershed flood prevention program designed to slow down runoff, increase infiltration of water into the soil, and to decrease siltation and flooding. During the 1955-56 planting season over 36 million trees will be planted in the Yazoo - Little Tallahatchie Watershed. Farmers interested in planting seed-

lings are requested to make application as soon as possible. By taking advantage of ACP incentive payments, the cost will be about \$1.50 per acre. Contact your local SCS or Forest Service workers.

Technical assistance will be furnished to farmers who have leased land in the Grenada Reservoir Area. The District will assist these farmers in setting up and carrying out conservation practices on their farm. New cooperators of the District are J. M. Cooley, Harris Oaks, T. A. Ligon, Hiram Davis, Grover Cunningham, and Mrs. P. P. Bernhard. These farmers will be furnished land capability maps for their farms and

will be given assistance in preparing a soil and water conservation plan. The District will also furnish technical assistance in carrying out conservation practices.

HOME AGENT NOTES

(By Bervil Elder)

Get rid of "kitchen squint" by checking your kitchen lighting.

The old lighting arrangement of one ceiling fixture and a single, unshielded bulb over the sink won't do the job.

For even a bare minimum of good lighting in your kitchen, three requirements must be met. First a general lighting fixture is needed for room-wide illumination. This is usually an indirect center ceiling light. Next, you need local lighting for the sink and range areas. These can be wall bracket or ceiling fixtures.

Cooking and washing dishes in the dark is all right if you only do it on picnics and camping trips. But in the kitchen it's hard on your eyes and slows you down.

The third lighting area is under your wall cabinets. This lights up the work area on top of the counters. Safety is a big reason for the right amount of light here as most electrical appliances are used on the counters. If you can see what you are doing, it's easier to keep your fingers out of the mixer. Wall brackets are most satisfactory here.

Meat Facts

These meat facts will help you in caring for and preparing meat:

Fresh meat should be stored in the refrigerator, loosely wrapped. Meat cooked in liquid should be simmered, never boiled.

Roasts should be cooked uncovered and no water should be added.

Steaks should be turned only once when broiling.

Cooked meat should be stored in the refrigerator, tightly wrapped.

Drip Trays

Better remember to keep the drip trays beneath the surface units of your stove clean. Spilled foods, if left for a long time, may harm the finish or even cause some drip trays to rust to a lesser degree in the Gulf Coast area.

Citizens Of Grenada & Grenada County

As you know I am a candidate for elevation to the high office of Sheriff of your county for the next four years. You well know that I am now engaged in a second primary campaign, asking the people of Grenada County to promote me to the office of Sheriff. I want to take this opportunity before I make my statement in connection with my candidacy, that I do sincerely appreciate the nice vote that I received in the first primary. It warms my heart to know so many good friends are helping me and regardless of the outcome of this campaign, I shall always be deeply grateful for what has been done for me in years past and in the recent campaign.

You will remember that for four years I served you well and capably in the Sheriff's Office. During that term I learned in detail the duties of the Tax Collector, and I am happy to report that I received many compliments on my administration of that office. As a result of my experience then I have planned a program that I am sure will benefit the people of this County, and will prove a great time-saving convenience to the tax payers at tax time, and will make for a more efficient office and save a great deal of expense to the County. You know how crowded it frequently becomes during tax season, and I know that many people are too busy to stand in a long line all afternoon in order to get to the window to pay their tax or buy a car tag. I know personally that many tax-payers have actually had to pay damages for paying their taxes late, and this resulted from their inability to get into the Sheriff's office before the deadline for tax payments. In order to prevent this needless congestion and to save the tax-payer from paying extra for damages because of over-due payment, I shall keep the office open thru the noon hour and for an hour or so extra in the late afternoon all during the tax and tag paying time. I know that this will greatly benefit all of our tax-paying citizens, both as a convenience and as an efficient means of tax collecting.

Friends — I have several more plans for streamlining the work in the Sheriff's office which will result in real savings to the tax-payers. Time prevents me from going into the details of these plans but let me say that I know that I can develop a smoother and more efficient program of administration in the Sheriff's office, and I hope that you will give me the opportunity to put my program into effect by electing me your Sheriff.

About law enforcement — Let me remind you that I have had the experience of four years as a deputy Sheriff. In that time I was called out many times to aid and assist in the enforcement of our criminal laws, and I believe that your investigation of my record in that respect will reveal my competence to lawfully and fairly handle searches, arrests, imprisonment and assist in trials of accused persons. While we are talking about law enforcement, let me place myself on record now, that I will, and I know that I can, enforce all the laws of the State of Miss. and that includes our liquor laws. I will be honest and say that I don't believe that I can wipe out the liquor traffic completely, but I do say without reservation or apology to anyone, that I can keep Grenada County as clean as it has been for the past four years, and I believe that I can improve on that somewhat. With the fine active cooperation of the good Christian people of Grenada County we shall make Grenada County a finer and better County in which to live and in which to raise our grandchildren, yours and mine.

You know Friends — in every second primary of a Sheriff's race there arises the question of who is lining up with whom and who has been promised a job in the Sheriff's office. Let me say to you now that I HAVE NOT MADE ANY DEALS, I HAVE NOT MADE ANY TRADES, I HAVE NOT MADE ANY PROMISES, AND I AM UNDER OBLIGATION TO NO MAN OR WOMAN regarding the personnel of the Sheriff's office under my administration. Of course the story is being circulated that I have traded or that I have promised a job to this one or that one. I can give you my complete assurance that this is not so and I don't intend to make any selection or hire anyone for any job in the Sheriff's office, until and if I am elected. If the people of Grenada County elect me as their Sheriff I shall have four months in which to seek and find good, capable, qualified, honest, Christian deputies, and I fully intend to take my time and find the best people possible for the jobs. That is what I think the people of Grenada County want, and I think they surely deserve that consideration.

I am 52 years of age, I am married and have two children and one grandchild. I have been a farmer and a merchant all of my life except four years of public service as your Deputy under a former Sheriff. I have the experience and the ability so necessary to make a good public servant, and I want to be your Sheriff for the next four years. If you will give your support and your vote now, I promise you that I will reward your confidence in me with the highest type of service as your Sheriff. Please remember me when you mark your ballot for Sheriff of Grenada County.

Paid for by friends of the late Governor and Mrs. Thomas L. Bailey. Submitted to and approved by Mrs. Thomas L. Bailey.

THE WHOLE TRUTH

Mrs. Thomas L. Bailey's method of collecting taxes approved by our state legislative Committee on Ways and Means. This method has doubled previously used methods. Even collecting more Liquor Taxes in 1954 than was collected by the State Tax Commission on Sales Taxes.

Mrs. Thomas L. Bailey's opponent, a Public Service Commissioner for the past eight years has set by allowing Telephone rates and Freight and Motor Carrier rates to steadily increase without lifting a finger in protest.

Mrs. Thomas L. Bailey's opponent as a Public Service Commissioner was derelict in his duties by permitting Southern Bell Telephone Company to continue to operate outside the jurisdiction of the Commission since 1951.

Mrs. Thomas L. Bailey has honestly executed the laws governing the Tax Collector for the State, never compromising to the detriment of the taxpayers with anyone, accounting for all taxes collected as required by law.

Mrs. Thomas L. Bailey is being fought by the tax dodging bootleggers who are spreading false and mis-leading charges.

We're slicing a melon with you...

1. You Get A Profit-Sharing
Bonus On The Trade-In Deal

—because we've stepped up our allowances to an all-time high.

2. You Get A Bonus In
The Buy You Make

—because Buick is the thrill of the year in style, power, performance, value.

3. You Get A Bonus
On The Resale

—because a Buick always resells high — brings you more money when you trade it in.

Bonus Beauty in Hardtops

Even the new hit in hardtops—the 4-Door Riviera — is included in our profit-sharing bonus deals today. Shown here is the 236-hp CENTURY 6-Passenger 4-Door Riviera, Model 63. Also available in the low-price SPECIAL Series as Model 43.

WHAT happens when a business has a really great year? A bonus is declared—right?

Well, sir—get set for a windfall, because this is more than Buick's greatest year. This is the *greatest*.

Not only is Buick outselling every car in America except the two most widely known smaller cars—but Buick is breaking every sales record in its history. Right now we're past the mark set in our best full year—and we're still going great guns.

So we're slicing a melon with you in the form of an all-out trade-in allowance—a profit-sharing bonus deal that beats even the big trades we've been giving all year. After all, we've gone way beyond our expected volume—and can now afford to stretch our trade-in allowances to practically our break-even point.

And that puts you more easily than ever before in the driver's seat of the hottest-selling Buick in history...

The Buick with the boldest, freshest styling of the

times—with the snap and ginger of record-high V8 power—with the level buoyancy of the all-coil-spring ride—and with the electrifying performance of Variable Pitch Dynaflo,* world's first and only transmission using the switch-pitch principle of the modern plane's propeller.

Better come in and visit us tomorrow—today, if you can—and see for yourself that the thrill and the buy and the deal of the year is Buick, hands down.

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill of the year is Buick—

Biggest-selling Buick in History!

(So we're trading high, wide—and then some!)

Roy Burt, III Drowns In Florida

Grenada friends and relatives were shocked and grieved to learn of the death, by drowning, of little Alexander Roy Burt III, 3 year old son of Mr. and Mrs. A. R. Burt Jr. of Pensacola, Fla. on Sunday afternoon, August 14, 1935 while on an outing with his parents.

Services for the little fellow were conducted from the First Methodist Church in Pensacola Tuesday at 1:30 p. m. with the Presbyterian minister Rev. C. S. Lowe of Winona, Miss. officiating. Interment was in Fort Barrancas National Cemetery of Pensacola.

He is survived by his parents and sister, Rebecca, of Pensacola, his maternal grandparents, Mr. and Mrs. Hugh L. Noble of Anguilla, and paternal grandmother, Mrs. Louis McDougal of Winona. His great grandmother, Mrs. Mollie McLeod and great uncle Rogers Burt of Grenada.

To the bereaved we offer our sympathy.

Who Is Best Qualified To Collect The Tax On Whiskey?

A Man 40 Years Of Age?

A Woman 62 Years Of Age?

Eight Million Dollars Lost

DID YOU KNOW?

DID YOU KNOW?

DID YOU KNOW?

DID YOU KNOW?

DID YOU KNOW?

That the Law enacted by the legislature of 1944 provides; that the State Tax Collector shall collect a TEN PERCENT "Black Market" Tax on all whiskey sold within the State. That the average value of all whiskey sold in this State is \$60.00 per case, wholesale, and that the TEN PERCENT TAX (that should have been collected) would have been \$6.00 per case of whiskey sold.

That Mrs. Bailey, your State Tax Collector, has compromised with the whiskey dealers, allowing them a "Bargain" Tax settlement of THREE DOLLARS per case, when the Law plainly states that the Tax Collector Shall collect TEN PERCENT on whiskey sold in this State.

That should the State Tax Collector have collected the full TEN PERCENT TAX on whiskey, for the past Eight Years, THE STATE WOULD HAVE APPROXIMATELY SIXTEEN MILLION DOLLARS IN WHISKEY TAX?

That of the approximately SIXTEEN MILLION DOLLARS That should have been collected, in the past Eight Years, only approximately EIGHT MILLION DOLLARS reached the State Treasurer.

WHAT BECAME OF THE OTHER EIGHT MILLION DOLLARS?

BISHOP - McCHARAN WEDDING

The First Methodist Church in Grenada was the setting for a beautiful wedding Sunday afternoon, August 14, at 3 o'clock when Miss Shirley Ann McCharan, daughter of Mr. and Mrs. Claude Taylor of Lamar St. Grenada, became the bride of Mr. Vernon Bishop, son of Mr. and Mrs. C. O. Bishop of Raymond, Miss., formerly of Grenada. Rev. Felix Sutphin officiated.

The church's decoration for the wedding of white asters and white gladioli arranged in tall Princess baskets, and interspersed with baskets of ferns and greenery, was lighted by tall white tapers in floor candelabra, forming a beautiful background for the bridal tableau.

Gene Brister presented a program of nuptial music and Miss Floyce Thornton sang "O Promise Me" and "Because".

The bride wore an exquisite wedding dress of white tulle and chantilly lace over white satin. The bodice was fitted featuring a becoming neckline, and the skirt featured panels of lace tiers on each side and gracefully ending in a cathedral train. Her finger tip veil was held by a small satin hat encrusted with iridescent sequins and pearls. She carried a bouquet of white roses and tuberoses.

Mrs. Fisher Crawford, sister of the bride was matron of honor. Miss Bonnie K. Taylor, step sister of the bride was maid of honor. They wore identical ballerina length dresses of mauve pink silk organza. The off shoulder neckline was edged by a shirred band of matching material. Each carried a hand bouquet of blue asters tied with blue ribbons. Their full circular skirts were graceful over Natchez hoops and each wore a band of blue asters in their hair.

Bridesmaids were Danna Martin, Lucy Mitchell, Mary Lawrence and Gail McCaleb. They wore identical dresses of French blue organza and carried pink asters tied with pink ribbons. Little Peggie Thornton served as flower girl, wearing a lovely full skirted dress of pink organza over hoops.

Mr. C. O. Bishop, father of the groom was best man. Ushers were Fisher Crawford, Gene Douglas, Rod Brasfield and Ray Freeman. The bride's mother wore a handsome blue lace dress with pink carnation corsage and the groom's mother chose a chic taffeta dress of pink and wore a corsage of white carnations.

Immediately following the wedding a reception was held at the Woman's Club room at Grenada Library. Here the large reception room was decorated with pink dahlias and ferns. The beautiful 3-tiered wedding cake with its miniature bride and groom was surrounded by white gladioli and white aster blossoms.

Assisting with serving the cake and punch were Misses Nancy Crawford, Linda Miles, and Mrs. Bobby Pierce. Miss Floyce Herring presided at the brides book. Gene Brister played the piano during the reception.

For travel the bride wore a lovely suit of toast colored material, brown accessories and white corsage. They will reside in Jackson, Mississippi.

JUANELL D. LOLLAR

TO THE PEOPLE OF GRENADA COUNTY:

First, let me take this opportunity to earnestly thank each of you for your kindness in putting me in first place in the Tax Assessor's Race in the First Primary. I am most grateful to you for your goodness.

During the past four years I have conscientiously tried to serve you as Tax Assessor as I knew you would want to be served, showing no favoritism, but treating each landowner's problem as though each was my own personal problem, which I knew to be consistent with the Golden Rule and thus, the way you would want your Tax Assessors Office run.

You realize, of course, that this office plays an important part in working with our industries and assuring them that Grenada County is interested in them, thus engendering their good will. My experience in this field and acquaintance with them will be used to help serve them and possibly induce them to further expand and thereby create more jobs for our people.

Now, while I am very conscious of the fact that the Tax Assessors Office belong to the people and not to me, and that no individual has any claim on it, nevertheless, there has always existed a custom of re-electing for an endorsement term, a public servant who has done a good job.

Therefore, if you feel that I have done a good job, I beg you to re-elect me Tax Assessor to this, an endorsement term, and I give you my word now, that if you do, I will not be a candidate for this Office next time.

I earnestly solicit your vote and want you to feel free to come by this Office any time you desire and discuss your problems, for this is Your Office and I am only your hired servant.

Trusting that you will give me a vote of confidence, I am

Respectfully yours,

C. H. (Hemphill) ABEL

To The People of Beat Four:

The fine support you gave me in electing me to the office of Supervisor of your Beat for the next four years is most gratifying to me, and I do thank you most sincerely.

My promise to you in return for your goodness to me is that I will do my dead-level best to be the Supervisor of all of you as I have tried to do in the past.

Thanks again,

Your friend,

Lewis Williams

County Agents Notes

(By C. O. Bennett)

Cotton

Protect your cotton. Don't let the boll weevil eat it up. You have to take care of your bolls until they are tough enough to resist the boll weevil.

A good rule of thumb to follow in determining whether or not a boll is mature enough to be considered safe, is to take a pocket knife and check a few. Cut the boll across. If the fiber sticks to the knife blade, it is likely to be safe. However, if the boll cuts clean, then it still needs protection.

Consult your County Agent for detailed information on late season cotton insect control.

This year it might pay you to defoliate your cotton. Make sure of your defoliating equipment and that you will be able to secure the needed chemicals.

Mid-Season Outlook

DAIRY production is expected to total about the same as last year. Consumption is up. Surplus will be down and government will buy one fifth less than last year. Gain in milk prices, drop in feed prices has improved dairy situations - improved milk-feed ratio.

POULTRY: Egg outlook is for lower production in fall. Prices expected to rise in fall. Efficient production should be profitable.

Broilers are likely to go down in price due to continued heavy chick placements and marketing.

Soybeans production is likely to be at a record high. Market prices may be under the support price of \$2.04. Sweetpotato yields may be up some due to favorable weather. Demand and prices should be about the same as last year.

Peanut production will be short of the 1954 crop. Late freezes cut the crop heavily in North Mississippi and

Cattle prices are expected to weaken with heavy marketings in late summer and through the fall. Output is up slightly.

Hogs are expected to make the normal late summer and fall decline in prices. Supplies are heavy.

Cotton is still in surplus. Estimated carry-over is largest since 1945. Cash income value to Mississippi farmers expected to be down from last year. Prices will be supported at 31.7 cents a pound, average location, basic middling 7-8 inch.

Cadillac

Figures He's Waited Long Enough!

The long-striding, fast-moving man you see in this picture has made the right decision at the right time!

For the past year or so, he has been thinking about a Cadillac—and he has finally made up his mind.

He is through with compromise and doubt and wonder. This time, he is going after the real thing!

And how lucky he is that he made that decision today! For wonderful news of a special nature is waiting for him.

He'll find, for instance, that Cadillac ownership is far more practical now than ever before. He'll learn, in fact, that the lowest-priced Cadillac can be purchased for little more than he might expect to pay for a goodly number of the so-called medium-price cars.

He'll also find that his dealer—because of a low used-car inventory—is in a position to offer him a very generous allowance on his present car.

And he'll discover that, because of Cadillac's

greatly increased production during the current year, he can take title to his new Cadillac after a surprisingly short waiting period.

And all these special inducements, of course, are in addition to the other great Cadillac virtues—such as legendary dependability and long life... remarkable economy of upkeep and operation... and traditionally higher resale value.

All in all, he's walking in on the motor car opportunity of a lifetime!

And how about you? Have you been postponing your dreams of a Cadillac?

If so, there's no reason to wait any longer. Come on in and see us. Let us put you behind the wheel of a Cadillac... and give you the whole, wonderful story of the "car of cars." We think you, too, will decide that you've waited long enough!

Measuring Tools

When you are taking body measurements for a garment, use a tape measure. When you are checking the distance from the grain line of the pattern to the selvage of the fabric, use a yardstick.

When having the hem of a garment hung or evened, use a yardstick or a hem marker. To measure for button holes or the width of the hem use a short ruler.

A good tape measure is made of oilcloth, which does not stretch. It has metal ends to prevent fraying. The numbers are printed on both sides and start at opposite ends.

A 4 to 6 inch metal or plastic ruler, called a hem gauge, has a special attachment for checking the width

of hem, button holes and such.

Canning Tomato Juice

Use soft but perfect tomatoes. Remove stem ends, cut into pieces. Simmer until softened. Cool. Put through a fine sieve. Repeat at once just to bottle. Fill into hot jars or bottles at once. Leave 1/2 inch headspace in jar. 10 inch in bottles. Adjust lids. Process for 10 minutes in boiling water bath.

Grenada Lake Needs More Boats!!!!

Cliff Hamby, who works out at Hugh White State Park boat dock, told us Monday that at 6 a. m. Sunday morning, that every rental boat on Grenada Lake was in use. That 23 parties came to his boat dock, only to be told that all the boats were rented out. Mr. Freeman of the Fish and Game Commission was in

the office Tuesday and we asked him what could be done about this situation. He told us that the reason there is so many boats is that individuals who have leases for boat landings are afraid to get too many boats under their now existing "temporary lease", and that the people should talk to the engineers of Grenada Lake and try to get the temporary leases changed to "permanent leases."

It doesn't seem right to invite people for mail-over to visit our lake, then tell them that we have no boat.

FRIENDS:

I would at this time like to have a heart to heart talk with you, the voters of Grenada County, and especially the Ladies.

On August 23rd you will be going to the Polls to cast your vote for the chief law enforcement officer of this County and one of the most important offices of the County.

I am here to appeal to you that when you get ready to cast your vote please think of our boys and girls and what kind of a County you want for them to grow up and live in.

Many wild rumors and unfair and untrue rumors are being circulated in the County, that I am lined up with certain groups and certain individuals and also what I will do if elected your Sheriff. All of these rumors are just political propaganda and not a word of truth in anything that you hear. For I have made no commitments to any one or any group and shall not make any commitments until after the election.

I am a Christian man and active in my church and only want to do the fair thing at all times and also I am the father of 2 sons that I hope to educate and raise in Grenada County, and I certainly would not want to do anything that is underhanded or unfair to win this election. I have carried my campaign on a high and clean level and shall continue to do so and shall not make any charges against my opponent to gain this election.

All I ask of you as voters that when you go to the polls to select your Chief law enforcement officer to serve you for the next four years, be sure that you select one that will try to make Grenada County a better place in which to live.

I shall at all time pledge to cooperate with the City law enforcement officers in upholding the law and will work with them at all time, as after all the Sheriff is elected for the entire County which includes the City of Grenada.

You Ladies of Grenada County hold the deciding votes in this election and so it is to you that I direct this talk, ask yourselves this vital question, Is he the man for Sheriff and will he enforce the law Fair and impartially and is he the type of man for the office?

Those that know me, know that I am that type man, so if you do not know me then ask someone about me, ask your neighbor.

The Staten and Perry families are known all over the County.

Please cast your vote for me when you vote and I shall not disappoint you.

T. J. "Jeff" STATEN

Delayed From Last Week
Mrs. Betty Goza returned last Wednesday from a delightful visit with her daughter and family in Holly Springs. While there the family enjoyed a family reunion. Frances Goza, who makes her home with her grandmother here, also returned from Little Rock, Ark. where she enjoyed her usual summer visit with her mother.

Mrs. Brannon Anderson and children and mother, Mrs. H. C. Wilson, spent the past week in Birmingham with their sister and daughter Mrs. Bill Owens and family.

Mrs. J. B. Perry Sr. left last Thursday for a visit with her daughter, Louise, Mrs. D. E. Bowers and Mr. Bowers at Rumson, N. J.

Mrs. Margaret Noel is visiting relatives at Des Plaines, Ill. She will be away until fall.

Mrs. James Russell Lockett and daughter Linda of Meridian visited Mrs. C. E. Lockett and Miss Elise Lockett the past 10 days.

Mr. and Mrs. L. A. Dubard Sr. accompanied Mrs. Vassar Dubard and Miss Etelle Dubard on their trip to Virginia and Columbia, S. C., last week. They have returned home.

Miss Rose Marie Stoker of Cleveland, Miss. visited her parents, Mr. and Mrs. R. J. Stoker during her vacation.

ROTARIANS ENTERTAINED
Rotarians enjoyed a lovely musical treat Monday, Aug. 8 when Miss Pat Sage, a student at the Chicago Conservatory of Music presented a program of vocal and piano selections at the weekly meeting.

Miss Sage is currently visiting her mother, Mrs. John Sage who was her accompanist for the vocal numbers. The musicians were introduced by the program chairman, B. J. Anderson Sr.

The club president, G. M. Moore presided, and the song service was conducted by the Rev. W. T. Clarke of Shreveport, formerly of Grenada.

Other guests were Col. "Choppy" Andrews of Dayton, Ohio; Rev. W. O. Hunt of Marigold, Miss.; Rev.

Don Rushing of Tie Plant; and Mr. Oscar St. Clair of Texas.

PARTY FOR BRIDES
A delightful social hour was enjoyed by all the brides of Grenada from March through August, 1965 in the lovely new home on Mound of Mrs. Ernest Barnette, Tuesday, Aug. 9th. Mrs. Barnette states "that brides are surely hard to locate, some must be still on their honeymoon and of course, some have moved away, therefore there were a few she failed to contact."

Mrs. Barnette, better known as "Sudie", assisted by her sister Mrs. A. M. (Mildred) Hartsell and Miss Barbara Williams met the happy brides, introduced them by their new names, which of course was very exciting and new - then to cool the situation down a little, cold lemonade was served. After which a beautiful love story was read describing a nice little couple who met at Mississippi State Nov. 22, 1952 and on through the years the hostess read the tricks that Cupid played on the little law student who always felt like he could handle any situation, but cupid got the best of him, the arrow of love got them both. The crowd of brides were held spell bound and shocked beyond words when the hostess read these words: "And the lovely little lady that cupid was after in 1952 in the early spring of 1952 during the Spring Holidays when everything was full of love and new life - our own little Beverly Ann Den his changed her name to Mrs. Robert (Bobby) Louis Goza, Jr."

Then the questions began - interest really grew in a hurry. Other games were enjoyed.

The brides were invited into the pretty dining room and to greet them was the lovely wedding cake decorated with the bride and groom on a beautiful lace table cloth.

Mrs. Goza (Beverly) cut the first piece of cake and in turn each bride cut her own piece of cake and a delicious bowl of pineapple ice cream was served with the cake.

All went away to live happily ever afterwards.

Miss Faye Griffith left Tuesday, August 9th for Sanatorium to visit Miss Elizabeth Jones, who under-

went surgery on Friday, August 12. Miss Jones is Grenada County Librarian and Miss Griffith is her assistant. They also make their home together at the Jones home on Snider Street. Last report is that Miss Jones stood the operation fine and is recuperating.

Mr. and Mrs. W. E. Jackson enjoy-

ed a vacation at the Beuna Vista Hotel in Biloxi last week.

Sgt. and Mrs. Norman Ories and family are enjoying a weeks vacation in Nashville, Tenn. this week.

Dr. and Mrs. Frank Hays and little son of Jackson are visiting their mother Mrs. Edith Brown Hays here

TO THE VOTERS OF BEAT 3

Friends and neighbors, you have indeed been good to me by re-electing me as you Supervisor for the next four years. You don't know how happy you have made me and my family and we say Thank You, one and all.

It has been my earnest desire and aim to serve you to the very best of my ability, and I will sincerely strive to continue to be a good servant of all the voters in Beat 3. To those who voted for my friends and opponents, I say I have no ill feeling, I just want to serve you as your Supervisor.

My family joins me in this expression of gratitude and thanks to you.

Very sincerely,

ALBERT CLARK

Incorporating many aids of modern day science to plant construction and operation, Aldens, one of the nation's big four mail order companies, soon will move into a huge new streamlined 2-story building that will centralize its middle west headquarters in Chicago. Automation is the theme of the 650,000 square feet of space that will expedite handling of needs of shop-by-mail customers throughout the country. Sketched above are some of the steps taken to provide improved service at lower cost.

CHICAGO—Designed throughout with the customer always in mind, the new headquarters building of Aldens will house the administrative offices, the Chicago buying offices of the mail order and retail divisions, the advertising and sales promotion division and the financial, operating and industrial relations divisions.

Hours of time-consuming operation have been eliminated as Aldens' engineers and the architects combined their talents to streamline and mechanize the big mail order operation, with extensive use of automation. Operating costs will be cut, because a larger volume of business will be handled by their present personnel.

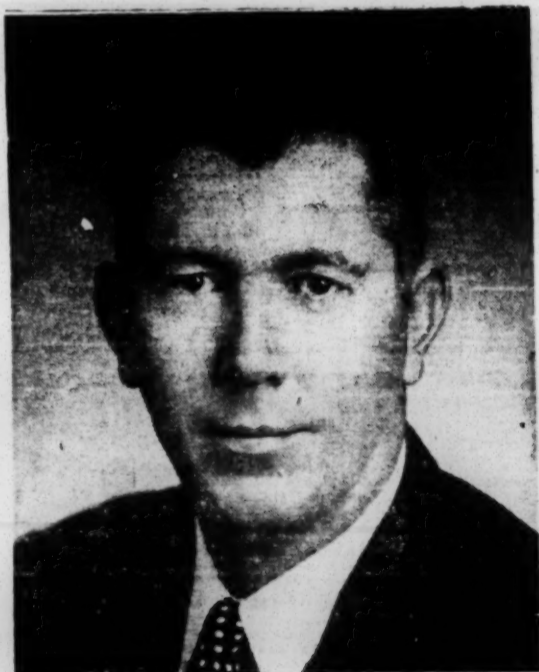

Features of the new building are relocation of executives to provide easy access and ready supervision of the thousands of employees. Daylight and artificial light are combined to provide constant lighting to reduce fatigue. Acoustical ceilings will reduce distracting indoor sounds, while color dynamics reach their full height in the interior decoration.

Executive offices include movable partitions providing a flexible arrangement to meet changing needs. All windows are canopied so as to prevent glare and reduce heat in the summer.

Every consideration is given to the company worker—from recreation facilities to dining area. The new cafeteria can adequately handle a population of 2,500 people.

Customers' orders will be rapidly moved through many activities by the use of pneumatic tubes, mechanized baskets and conveyors. An in-floor drag line system that continually moves a quarter-mile at one-third walking speed enables incoming merchandise to move quickly on storage pallets to warehouse and open stock shelving. This conveyor also moves outgoing merchandise to shipping points.

It is expected that introduction of the many innovations being pioneered by Aldens will cause many others in the field to re-vamp operational plans and schedules.

LET'S SET AT REST ONCE AND FOR ALL THE ISSUE OF THE Grenada County Hospital IN THE GOVERNOR'S RACE

One of the Candidates for Governor, in a desperate last-minute bid for votes, has seen fit to inject the question of the proposed Hill-Burton Hospital in Grenada in the Governor's race. This is a part of the pattern that has been followed in practically every county by that candidate of promising anything and everything that he is advised will win him a few votes.

It is regrettable that a matter affecting the health and well-being of Grenada County people should be used as a come-on for votes. The Grenada County friends of J. P. Coleman who are also supporters of a Hill-Burton Hospital, here and now denounce this cheap political demagoguery.

The inference that J. P. Coleman will try to obstruct the approval of such a Hospital in Grenada is branded and condemned as completely false and misleading. The welfare of the people of this county is too important to J. P. Coleman for him to do anything that will not promote their best interest.

When all is said and done, the records showing the priority of hospital construction speak for themselves, and Grenada County, without any promises from a desperate candidate for Governor, holds top priority on the records of the Mississippi Commission on Hospital Care.

In all honesty, which Candidate for Governor do you think really has the welfare of Grenada County most at heart — A man who has seldom been in this County other than as a Candidate for Governor, or a man who has been our friend and close neighbor for many years.

THE ANSWER IS OBVIOUS!

J. P. COLEMAN IS OUR MAN!
